From the Outreach Coordinator

On average, the Center for European Studies (CES) produces 80 outreach events per academic year. But none is as big as our major public outreach event, VIVA EUROPE! on April 7. We are busily putting the final touches on years of organizational work and collaboration. The CES is proud to be working with the UF International Center and with several departments at Santa Fe College along with other sponsors* to bring this community-wide annual event to the north Florida community. It was at least four years ago that the CES hatched the idea for VIVA EUROPE!

VIVA EUROPE! will be a fun way to learn about European cultures and customs through appreciating music, dance, food, and languages. See all the details inside for the full week of free activities.

Plan to join us all week at the film screenings and on Saturday April 7 from 11-4 at the downtown plaza. Bring your family and friends.

*Organizers and sponsors are the CES, UF International Center, Santa Fe College International Education, SF Student Life, the Institute of Turkish Studies, the UF Department of Spanish and Portuguese Studies, the UF Department of Languages, Literatures & Cultures, SF Department of Humanities and Foreign Languages, Target Copy, Pepsi, Eurochannel, and Alachua County Library.

VIVA EUROPE, a collaborative community project between the University of Florida and Santa Fe College, aims to educate about Europe in a fun way. As a US Department of Education Title VI center, the CES has, as part of its mission, to provide educational outreach programs to the general public. This festival is the biggest outreach event the CES has done.

Admission is free. Come for part of the day or stay to hear and see all the performers, winners of the contests, and to drop some cash on delicious food and unusual items from the marketplace.

Go to Europe this summer!

**UF in Brussels, Belgium**

Brussels is the unofficial capital of Europe hosting the headquarters of the EU institutions as well as literally hundreds of related organizations. A primary goal of the program is to introduce students to life in Europe today through examination of the EU. Courses may include visits to the major EU institutions and guest speakers from those institutions to discuss current events like enlargement of the EU, the common currency (the Euro), and the evolving transatlantic relationship between the EU and USA.

UF students participating in the program will be able to partake fully in student life at Vesalius College, an English language international college within the Dutch speaking Vrije Universiteit Brussel (VUB).

**Benefits of the CES sponsored programs:**
- Students receive UF GPA credit for courses taught by UF faculty and transfer credit for all other courses
- CLAS students satisfy their 9-credit summer requirement by taking just 6 credits in the CES-sponsored program
- Students satisfy their International (“N”) credit by living in Europe

**UF in Prague, Czech Republic**

Prague, the capital of the Czech Republic, is one of the most beautiful cities in Europe. Built on seven hills along the banks of Vltava river, the city is not only a cultural and architectural museum of the Middle Ages but also a vibrant cosmopolitan meeting place, home to Kafka, Kundera, and Mozart. Prague has a special Old World charm. The whole inner city is a protected area with hundreds of ancient houses, palaces and churches offering many opportunities for scenic walks. Museums, concert halls, and theaters are easily accessible to students, as are student clubs, numerous cafés, cafeterias and restaurants.

Students combine an academic curriculum with an in-country cultural experience. Czech language instruction is also available for those interested (but not required). Non-degree and non-UF students also welcome!

**UF in Kraków & Wrocław, Poland**

The capital of Poland for almost 500 years, Kraków boasts one of the best-preserved medieval city centers in Europe, while offering a lively, contemporary social and cultural life. Wroclaw, the “Polish Venice,” is a city of islands and bridges located at the geographic and commercial crossroads of Europe. The city enjoys a thriving arts life and a vibrant youth culture.

Students will spend four weeks in Kraków studying Polish language and culture at Jagiellonian University. They will also meet for an interdisciplinary humanities seminar taught by UF faculty that begins in Kraków and continues in Wroclaw for the final two weeks of the program. Both cities will be used as the “classroom” providing a living context for the literature, history, architecture, film and art discussed in the course.
